Terms and Conditions of the Funding Agreement

The legal bases of the Funding Agreement are the Arts Funding Act (*Kunstförderungsgesetz*), Federal Law Gazette no 146/1988 as amended, the Arts Funding Guidelines (*Kunstförderungsrichtlinien* – Guidelines of the Federal Ministry of Housing, Arts, Culture, Media and Sport (BMWKMS) on the granting of funding under the Arts Funding Act, including the Film Funding Guidelines (*Filmförderungsrichtlinien*) of BMWKMS as amended that, pursuant to point 4, form an integral part of the Art Funding Guidelines) and the General Framework Guidelines for Granting Federal Funding (ARR 2014) pursuant to sec 3 no 4 ARR 2014.

Unless otherwise explicitly provided for in the Funding Agreement, the Funding Agreement shall be based on the Arts Funding Guidelines and the provisions laid down in these Guidelines shall be deemed as having been agreed between the parties to the Funding Agreement.

1. Funding Request:

The Applicant shall duly complete the Funding Request, attach all the enclosures required and accept the Terms and Conditions of the Funding Agreement without reservations or limitations by signing the latter by way of handwritten signature, electronic signature (ID-Austria) or by affidavit.

2. Conclusion of the Funding Agreement:

If the Applicant's request is accepted, the Funding Agreement shall be deemed to have been concluded upon service of the written grant approval to the Applicant (sec 23 para 5 ARR 2014). If the written grant approval does not fully correspond to the Funding Request, the Agreement shall nevertheless be deemed to have been concluded unless the Applicant objects to the conditional grant approval within 14 days. Oral agreements shall not be valid and subsequent modifications of or amendments to the Funding Agreement shall be made in writing and require the express consent of both parties in order to be effective. In the case of undertakings (projects and annual activities) that, due to their complexity, require deviating or additional funding conditions and regulations, the BMWKMS shall issue a written funding offer in the form of an adapted Funding Agreement to the Applicant. The Funding Agreement shall become effective upon written acceptance by the Applicant within a reasonable period to be determined.

3. Realisation of the agreed project/undertaking:

By accepting the Funding Agreement and the related funding, the Beneficiary shall undertake to carry out the project/undertaking as agreed. They shall allow officials and authorised agents of the federal government or the European Union to inspect the artistic work free of charge.

4. Notification duties in the event of changes:

On their own initiative, the Beneficiary shall promptly notify the BMWKMS in writing of any

- modifications (except such of a minor nature), delays, the impossibility to realise the funded project/undertaking, and
- changes in funding, the legal form, the persons in charge (key personnel) and the address.

In these cases, the federal government may provide for new conditions and requirements, adjust the amount of funding and, in the event of significant reductions in activities, completely withdraw from the Agreement. The federal government reserves the right to terminate the Agreement at any time if the project/undertaking contents or the funding plan are significantly modified.

5. Gender equality:

The Beneficiary shall ensure effective equality of all genders in their sphere of influence. The Equal Treatment Act (*Gleichbehandlungsgesetz*), the Federal Act on Equal Treatment of Persons with Disabilities (*Bundes-Behindertengleichstellungsgesetz*) and the prohibition of discrimination pursuant to sec 7b of the Federal Act on the Employment of Persons with Disabilities (*Behinderteneinstellungsgesetz*) shall be observed.

6. No assignment:

The entitlement to a grant awarded may not be disposed of by assignment, transfer, pledge or in any other way.

7. Financial accounting:

The funds will be transferred to the account specified by the Beneficiary in accordance with the grant approval or Funding Agreement. Disbursements shall only be made subject to the availability of budget funds and in accordance with requirements. Delays in disbursements shall not give rise to any claims for damages. Separate accounts shall be kept for the implementation of the undertaking funded, and the related receipts and supporting documents may be filed in the Beneficiaries general accounting system.

8. Use of funds:

The Beneficiary shall use funds awarded by the federal government in accordance with the principles of economy, efficiency and expediency; in particular in the case of overall funding, they shall comply with those principles in their entire financial management and use

the funds awarded only for the purpose for which they have been granted. Discounts, rebates and similar deductions shall be taken advantage of. When awarding contracts – except for artistic services –, the best bidder is to be selected; for contracts in the amount of €7,000 (net of tax) or more, the Beneficiary shall demonstrably obtain several offers, if possible, for the purpose of comparisons. Beneficiaries who are contracting authorities within the meaning of the Federal Procurement Act 2018 (*Bundesvergabegesetz 2018*) shall apply the provisions of the Federal Procurement Act 2018 without any restrictions.

9. Proof of use:

The Beneficiary shall furnish proof to the BMWKMS on the use of the funds granted by submitting the records listed in the grant approval or Funding Agreement by the date indicated therein. At a justified request, these records shall be made available at any time. If the Beneficiary is not able to meet that deadline, they shall apply in writing for an extension of the deadline without being requested to do so.

10. Retention period and obligation to provide information:

The Beneficiary shall keep all records necessary for verifying the approved use of the funds awarded and retain these records along with the supporting documents for a period of ten years from the end of the year in which the entire grant was paid out or, in the case of cash loans, from the date of the loan's disbursement, and in any case until full repayment has been made, and in both cases at least from the date on which the project/undertaking was completed. At the request of the BMWKMS, the European Union or the Austrian Court of Audit, the Beneficiary shall submit or grant access to all supporting documents related to the project/undertaking funded as well as allow an on-site inspection and furnish all the information requested. On principle, the Beneficiary may also use suitable image and data carriers for storage if the complete, orderly, identical and verifiable reproduction true to the originals is guaranteed at all times until the end of the retention period; in this case, the Beneficiary shall be obliged to provide, at their own expense, all auxiliary tools necessary to make the books, receipts, and other documents legible and, where necessary, to provide permanent reproductions that are legible without auxiliary tools and, when creating permanent reproductions, to make them available on data carriers.

11. Data processing/use of the logo of BMWKMS/inquiries:

Within the meaning of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (GDPR) as amended, the Data Protection Act (*Datenschutzgesetz*) as amended and any other applicable relevant legislation as amended, the Beneficiary shall acknowledge that:

- b. the BMWKMS is entitled, for control and coordination purposes, to use the personal data necessary for assessing whether the eligibility requirements are met, to check the proof of use or any possible recovery of the funding, beyond the information provided by the Beneficiary, by making enquiries with other relevant federal authorities or with another legal entity that grants or administers relevant funding, or with other third parties, and to disclose this information to them;
- c. the BMWKMS publishes their name, the purpose of funding, the amount of funds granted and, if applicable, their participation in the mentoring programme in the Art and Culture Report and discloses such information for statistical purposes. The Beneficiary shall also take note that sec 10 of the Arts Funding Act, Federal Law Gazette no 146/1988, constitutes the legal basis of data processing for reports on federal activities in the field of art funding;
- d. if personal data of third parties contracted by the Beneficiary are required in the context of preparing and handling funding, in particular its evaluation and control, the Beneficiary must seek consent in advance for this processing of their personal data;

- f. the BMWKMS searches the Transparency Portal according to sec 32 para 5 of the Transparency Database Act 2012 (*Transparenzdatenbankgesetz 2012 – TDBG 2012*) and provides information on the funding granted and personal data related thereto (cf. sec 25 TDBG 2012) to the Federal Minister of Finance for processing in the Transparency Database;
- g. personal data of the Beneficiary may be published in accordance with the provisions of sec 40k TDBG 2012;

According to the GDPR, the Beneficiary shall, on principle, have the right of access, the right to rectification, erasure, restriction of processing and data portability and the right to object. If the Beneficiary believes that the processing of the Beneficiary's data violates data protection law or has infringed the data protection rights of the Beneficiary in another way, the Beneficiary may file a complaint with the supervisory authority. Repayment in full:

Funding is provided in the form of grants or financial contributions that are not repayable if the terms and conditions of funding are complied with and if the funding purpose is achieved. Subject to the pursuit of further statutory claims, including in particular repayment obligations according to sec 30b of the Act Governing the Employment of Foreign Nationals, the Beneficiary shall be obliged to immediately repay the funds granted upon the request of the BMWKMS or the European Union, with the entitlement to funds awarded but not yet disbursed lapsing, if, in particular,

- c. the Beneficiary does not supply scheduled reports, proofs or necessary information, provided that a written reminder that specified an appropriate deadline and contained an explicit warning about the legal consequences of non-compliance was not successful in those cases, and the Beneficiary failed to make other notifications foreseen in these Guidelines;
- d. the funds granted have not been used for the approved purpose in full or in part;
- e. the Beneficiary impedes or prevents control measures foreseen, in particular by not providing the documents required or the eligibility for the funding granted is no longer verifiable within the period during which documents need to be retained;

- g. the Beneficiary has not complied with the provisions of the Equal Treatment Act;

Repayment in part:

Instead of the recovery of the entire funding, the funding may be only be suspended or recovered in part in case of individual circumstances if

- a. the publicity measures incumbent on the Beneficiary are not carried out,
- b. the obligations assumed by the Beneficiary are divisible and the part performed is eligible for funding in itself,
- c. the Beneficiary is not responsible for the reason of recovery, and
- d. the continuation of the Funding Agreement can be reasonably expected from the BMWKMS.

Reduction of funding:

The funding granted may be reduced to the extent permitted under sec 4 para 1 of the Arts Funding Act or in accordance with European Union law

- a. if the Beneficiary receives funding for the same deliverables, even in case of different earmarking, from another federal institution or another legal entity, including from other territorial authorities, after the date of the Funding Request, which was not known at the time when funding was approved, or
- b. if the Beneficiary's own contribution is or can be higher than originally agreed,
- c. if the undertaking funded generates revenue that was not planned/indicated upon the submission of the Funding Request,

unless a modification of the Funding Agreement seems to be expedient from the perspective of the BMWKMS. If the funds have already been disbursed, appropriate amounts may be recovered.

Interest on amounts to be repaid and late payments:

After the funded activities have been implemented and accounts have been rendered properly, unused funds and interests shall be promptly recovered in accordance with Point 15 of the Arts Funding Guidelines. If the Beneficiary is responsible for the reason of recovery, interest shall accrue on the amount to be repaid at an interest rate of 3 percentage points above the base interest rate per annum applicable at the time from the day of the funds' disbursement. Even if the Beneficiary is not at fault, interest shall also accrue if required under European law. If that interest rate is below the interest rate specified for recoveries by the European Union, the interest rate specified by the European Union shall be applied. In case of delays in repayment, interest on arrears shall fall due. The interest rate for late payments shall be 9.2 percentage points above the applicable base interest rate per annum starting on the date of default in the case of enterprises, otherwise it shall be 4 percentage points above the base interest rate applicable at the time but not less than 4 percent. The base interest rate that is in effect on the first calendar day of a half year shall be applicable throughout that half year.

Surety:

The Beneficiary declares to provide sufficient surety for any repayment obligations.

13. Insolvency:

The Beneficiary declares that insolvency proceedings have not been opened against them in the past three years and, in particular, that no insolvency proceedings are pending against their assets at the time of the Funding Request.

14. Capital goods:

If capital goods are purchased using the funds granted and if these goods are no longer needed after the undertaking's completion or when the purpose of funding significantly changes or ceases to exist, the BMWKMS may request or demand that the Beneficiary transfers ownership of these goods to the BMWKMS or a third party free of charge or pays their present value. If the amortisation period of goods procured for the implementation of the funded undertaking exceeds the performance period, only the share of the costs may be funded that corresponds to the depreciation according to the Income Tax Act (*Einkommenssteuergesetz* 1988), Federal Law Gazette no 400/1988 as amended, for the performance period. The entire procurement costs of goods are eligible for funding if the procurement itself is the object of funding. The provisions of sec 35 ARR 2014 shall be observed whenever leasing instalments are funded. For major investments, a holding period shall be agreed in the Funding Agreement.

15. Cost:

Any costs and fees arising from drawing up or issuing a copy of the Funding Agreement shall be borne by the Beneficiary.
